

CEIP . ENRIQUE IGLESIAS

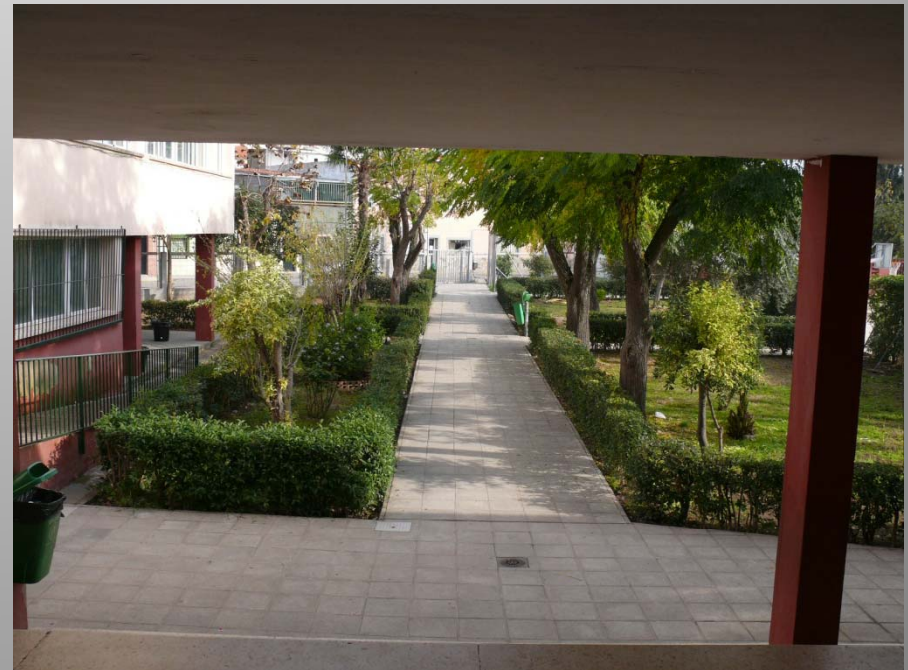

BADAJOS

SPAIN

Our school

CEIP Enrique Iglesias was founded in 1978. It is located in Badajoz, a town in the south-west of Spain.

Our school

It is a Pre-primary and Primary school and our pupils are from 3 to 12 years old.

We have 394 children and a little group of them came from China, Morocco and South America.

There are 20 or 25 students in each class.

Our school

There are six classes in Pre-primary school and twelve in Primary school, two each year.

Our school

Lessons start at nine in the morning and finish at two in the afternoon.

The students have thirty minutes break between 11:45 and 12:15.

Our school

Some children
have lunch at
school at two
o'clock and the
others one go

Some of them
come back school
for extra activities
at four p.m.

Our school

From four to six p.m., there are afterschool activities, where the children can learn English, have reading lessons and can do sport.

Three teachers are dedicated to teach these subjects to them.

We work with special attention the diversity, in order to give to our children the best education.

In our school, there are some children with special needs and three teachers focused on them. We also have a special classroom for five autistic students and two teachers to teach them.

Our Celebrations

In Christmas, the whole school involves in several competitions (Christmas cards and Christmas poems and stories).

The last day, we have a festival where the children sing songs and make performances.

Our Celebrations

In January, we celebrate the day of peace. In each class, the students work this theme and speak and write about it.

On 30th of this month, we sing together and make posters.

Our Celebrations

Our Celebrations

In February, we celebrate the Carnival. It is a very important date in our city.

The whole city is celebrating for four days and the people dress up, sing and dance day and night.

In the school, we celebrate Carnival too.

Our Projects

The mentality of our school is opened to Europe.

We have been involved in three Comenius Projects and now, we are working in the fourth one.

Our Comenius Project

We have begun to work in Comenius since 1997. From that year, our school has participated in:

1. Traditions and customs.
2. Knowledge and respect for the environment.
3. Lifestyle and wellness.

Our library

We are also involved in School Library Net of our region, working the reading plans, developed in a special way.

Our library

It is an important area in the school. We use it for reading, working and to promote reading plans.

Our library

Each year we choose a book and we read it with the children. It is the focus of school activities.

Reader Plan

All the children read the book chosen and then we do a lot of activities, such as competitions, work in the classroom, drawings, games and theatres.
